PROFESSIONAL SUMMARY

I am a B.Tech Computer Science student specializing in Cybersecurity with strong academic performance and hands-on project experience. Interested in cybersecurity and software development, with practical exposure to security tools, networking fundamentals, web security, and OSINT. Curious, project-driven, and actively building technical skills.

EDUCATION

JIS University — B.Tech in Computer Science & Engineering (Cybersecurity)
Expected Graduation: 2028 | Current CGPA: **9.05**

ST' THOMAS BOY'S SCHOOL — ISC (Class XII): 77.25% | ICSE (Class X): 82.0%

TECHNICAL SKILLS

Languages: C, C++, Java, Python, JavaScript, HTML/CSS

Cybersecurity: Networking Fundamentals, Web Security, OSINT, Kali Linux, Nmap, Wireshark, Nikto

Tools: Git/GitHub, VirtualBox, VMware

PROJECTS

Heimdal — *OSINT & Security Analysis Web App*

- Designed and built a web-based security/reconnaissance application that combines common website and OSINT checks in a single interface.
- Integrated checks including DNS, SSL/TLS certificates, HTTP security headers, port scanning, web crawling, technology detection, and WHOIS-related information.
- Presented reconnaissance results and security findings through a user-focused interface with clear reporting and visualisation.

WebShield — *Chrome Security Extension*

- Developed a Chrome extension focused on helping users identify potentially suspicious or unsafe websites while browsing.
- Implemented browser-side website checks and security warnings to improve suspicious-site awareness and provide user-focused protection.

Network IDS — *Intrusion Detection System*

- Built a practical network intrusion detection project to monitor network activity and identify potentially suspicious traffic or patterns.
- Used network-security concepts to surface suspicious activity and present basic security alerts/findings for analysis.

ACHIEVEMENT

- 3rd Place — NAH-X College Hackathon, among 30+ participating teams; collaborated on LISA, a smart voice-controlled home assistant designed for hands-free interaction and appliance control.

LEADERSHIP & ACTIVITIES

- Class Representative (CR) — Coordinated communication between students and faculty and supported academic activities.
- Media Team Member, JIS University — Designed posters, banners, and digital content for official university platforms.

LANGUAGES

English, Hindi, Bengali, Arabic
